Mondays March 26- May 21

3:35 - 4:45 \$106

This spring KidsCreate is taking young artists on an Adventure in Color! This series will focus on learning basic color theory-- including how to mix and blend colors. You will learn to tissue-paint like Eric Carle's "Hungry Caterpillar", sculpt clay, paint, and make your own Shrinky-Dink Comic Strip! Sign up for eight weeks of fun and learning with our team of talented and experienced teaching artists. Check out kidscreate.org for more information!.
